Instructions Handlebar Adapter  
BMW K1200LT and R11xxRT

Parts included:

1 x Handlebar adapter BMW K1200LT

1 x hex head screw M8x16

1 x lock washer M8

Juni 2002

## Assembly:

The handlebar adapter is mounted to the unused drilling on the control assembly (1) and then fastened with the enclosed screw M8x16 and with the M8 lock washer (2).

The handlebar mount can employ any of our mounting plates. The model used for example is the K1200LT but will work also with the R1100RT and R1150RT.

The illustration shows the handlebar mounting plate for the Street Pilot III with
