## Installation Instructions Motor Guard Extension F650GS/GS Dakar

### Contains:

- 1 x Motor Guard Extension plate
- 2 x Pipe clamp 22mm rubberized
- 2 x Screw counter sunk hex M6x20
- 2 x Nylock nut M6
- 2 x Washer M6

### Installation:

The motor guard extension is pushed between the frame rails and original motor guard.

Attach with supplied 22mm clamps using washers under the nuts.

Push the extension as far to the front as possible. Possible cable ties on the frame rails should also be pushed to the openings on the extension plate where the clamps are.

Motor guard extension has soft rubber buffers to eliminate clattering.
