## Installation Instructions Adjustable foot pegs R11xxGS, F650 GS

Contains:

2 x Adjustable foot peg  
1 x Installation hardware

Installation:

Remove the original foot pegs by removing the pin, washer and the bolt.

Original hardware will be used to install the new adjustable pegs.

Assemble the adjustable foot pegs with three dome head M6x14, washer and nuts. You can choose the height in four different positions. Pic. 1.

The top position is about 20mm (approx. 3/4 inch) lower than original and each step further additional 7mm.

Install the new adjustable foot peg assemblies as the original using original hardware and new security pin.

Make sure the pegs move up freely, make necessary adjustments and ensure that screws are tight.
