Installation Instructions Side Panel Fasteners R1200GS

Contains:

4 x Side Panel Fasteners with Phillips head

Remove the side covers of your R1200GS and also remove the plastic washers on the stock fasteners. Insert the plastic washers on the new Phillips head fasteners and put them in the side covers. Now you can reinstall the side covers again.

Nice looking fasteners to replace the stock ones. Touratech Phillips head side cover fasteners prevent from unwanted side cover removal better than stock ones.
